

Name _____

Mrs. Loye - Room 204
Homework for week of February 13th

Home Link Schedule- due on Fridays- in their yellow packet				
Monday	Tuesday	Wednesday	Thursday	Friday
No School	Home Link 5.14 (Family Letter)	Checking Progress Sheet (No Home Links)	None	Unit 5 Test
Don't forget to study Math Facts!				

- The decorated Valentine Boxes or bags are due on Thursday; I can't wait to see how creative they are. ♥
- Remember: No School 2/ 11 & 2/18 - President's Day holidays
- Please make sure you have a Valentine for every child in the class and send \$1.00 for the party supplies.
- Our hundredth day of school is coming up soon- please read the flyer attached.
- Unit 5 Math Test will be Friday. Please practice showing what a certain amount looks like with coins, (ex: 65 ¢ = D D D D D D N P),

The math symbols: < > =, telling time by quarter to and quarter after.

Now is the time to utilize the number grids I sent home- they are a great tool for the figuring out "how much more?" problems. This is a typical example: If Sally has 50 pennies and Sue has 25 pennies. Who has more? How much more? Have your child put one finger on 50 and another on 25 and count the hops in between. That will give them their answer.

Our class is just writing away! This past week we had a "Publication Celebration." I published (typed) their first stories and we shared them with each other. After, we sat around and had a snack and discussed what we liked about each others stories. It was quite endearing.

For Valentines Day we will be playing "Candy Heart Math." If you are interested in helping out, please let Beth or Ines know ASAP. It would be from 12:35- 1:30 or so.

Ask Me About:

- How to catch a dragon
- Monet- what did he do that was special in his art work?
- Love is...when ???
- Turn Around Facts
- The Magic Bag
